## Varsity Coaches Corner

It is hard to believe we are already at Week 3 of the football season! There is no question that this is a big week for all of teams. We are confident that our Varsity will bounce back against Hopkins on Thursday. We saw many bright spots in our game vs. Wayzata and need to build on them. One of the great lessons that football teaches is the importance of bouncing back after a setback. We believe our players will do just that!
